## MISCONDUCT OF JUROR ALLEGED

In Motion For New Trial John A. Gray Charges B. A. Jones Commented on Suit in Court.

WHILE MEMBER OF THE JURY

Sworn Affidavits of Two Men Cited as Proof of the Charge he Made Statement.

In the motion for a new trial in the malicious prosecution suit of Otis Johnson against John A. Gray, the alleged misconduct of Ben Jones, one of the jurors who heard the case, is made the basis of a strong plea as a reason why the court should grant a re-hearing of the case. The motion for a new trial cites the usual allegations in such matters and ends with the sworn affidavit of Charles Markle and James M. Smith, regarding the conversation they had with the juror.

The affidavits of these two men relate a conversation they had with Juror Jones in which he is alleged to have commented on the case. He is alleged to have expressed himself regarding the merits and as to who should recover. The conversation is alleged to have taken place on the streets of Rushville on Saturday, Oct. 9, during the noon adjournment of court. The juror is alleged to have said in the presence of the two men:

"It looks like it is all one-sided; the witnesses are all against John. It looks like Gray has no show at all; the witnesses all said that Johnson has a good character. Johnson's wife looked Gray straight in the face while she was testifying, and she looked like she was telling the truth."

The motion for a new trial will be argued shortly before Judge Sparks and the outcome is watched with interest, as the case was followed closely when tried. The jury returned a verdict in favor of Johnson in the sum of \$350. The case was exceedingly hard fought. At the time the verdict was rendered both sides announced that they were satisfied with the result, but future events tend to show that the case has not been dropped.

It was stated today that in case Judge Sparks should grant a new trial a change of venue from the county might result, as it would probably be difficult to secure a jury for a second trial.

## CAUSED SCHOOL HOLIDAY

New Salem Teachers Here as Witness in Squire's Court.

Stanley Stewart of near New Salem was found not guilty on a charge disturbing a public meeting in Squire Katzer's court yesterday afternoon. The case was one of those growing out of the disturbance at a school social there last week. Squire Katzer stated that Stewart was probably guilty, but not any more so than about twenty others, so found him not guilty. Four other boys connected with the affair have paid their fines. The trial attracted a large crowd and resulted in a half holiday for the New Salem schools, as the teachers were witnesses at the trial.

PRESS CLUB TO MEET.

Indianapolis, Ind., Nov. 12.—The Indiana Press association will meet here December 2 and 3, it was announced today.

## WENT CHASING CHICKEN

Moscow Basketball Player Finds it Rather Arduous Sport.

Playing basketball is a tamer sport than chasing a chicken. At least Earl Owens, a member of the Moscow basketball team, finds that such is the case. He has been in many basketball games and always escaped uninjured. Wednesday while chasing a chicken he fell and sustained a broken bone in his ankle. The injury is not considered serious and it is expected that he will appear with the basketball team within a few weeks.

## RECOMMENDATIONS FOR FIVE SCHOOLS

Report of State High School Inspectors Suggest Continuation of Four Certificates.

ONE IS BEING DISBANDED

Recommendations concerning five township high schools in Rush county were heard Thursday afternoon in Indianapolis by the state board of education in the report of J. B. Pearcey, state high school inspector. The report was concerning commissions and certificates.

The report revealed that the high schools at Gings and Glenwood were continued as accredited high schools for two years' work. The certificate of the New Salem high school was recommended to be re-issued and the Osborn high school was continued as an accredited school for two years work. The report showed that the Richland high school was being disbanded and the pupils transferred.

## WILL MARK END OF ARBUCKLE'S TERM

Grand Lodge Next Week Will See Removal of Local Man as Grand Master of Odd Fellows.

A SATISFACTORY OFFICIAL

The seventy-eighth annual grand encampment of Indiana Odd Fellows and the seventy-ninth annual meeting of the Grand lodge, which will be held in Indianapolis next week, will mark the end of the term of J. T. Arbuckle of this city as grand master of the order in Indiana. The grand encampment will be held on Tuesday and the grand lodge on Wednesday and Thursday at the Odd Fellows building.

The district meeting here last week was in the nature of a testimonial to the work of Mr. Arbuckle. His administration of the affairs of the lodge in the state has been most satisfactory and no word of criticism has been offered by any person, according to local Odd Fellows.

The Grand Encampment will be opened Tuesday morning at 9 o'clock and an afternoon session will be held at 1:30. Wednesday morning at 9 o'clock the Grand lodge will convene, with an afternoon session at 2 o'clock, a meeting of the District Deputies Association at 4 o'clock and the regular sessions Thursday at 9 o'clock and 1:30.

A baby boy was born to the wife of Ferran Whittinger of south of Gowdy, Thursday.

## TRUEST HEROES ARE NOT KNOWN

Evangelist J. H. O. Smith Says For Noblest Man That Lives There Still Remains a Conflict

QUESTION BOX IS OPENED

Revival Services Again at U. P. Church Tonight—Baptist Meetings Close Sunday

That the truest heroes, not excepting the greatest leaders past wars ever knew, may be walking down the street or may fill an unknown grave, was the assertion of the Rev. J. H. O. Smith at the evangelistic services at the Main street Christian church Thursday night. The Rev. Mr. Smith said many men are fighting battles in their hearts that are greater than that fought at Waterloo.

The question box was opened last night for the first time. The box was opened by the pastor, the Rev. C. M. Vocum, in the presence of the audience, and the questions were held until the Rev. Mr. Smith was ready to answer them.

One questioner wanted to know if history showed a direct line of succession from Peter to the present Pope. The answer of the evangelist was "No." Another question asked if history shows that Peter ever was in Rome. The Rev. Mr. Smith said there was no authentic history to be found anywhere in the world to show that Peter ever was in Rome.

The revival will be continued at the United Presbyterian church tonight after the interruption last night due to the county Sunday school convention. The Rev. S. R. Jamieson, who is conducting the revival, returned today from his home in Oxford, Ohio and will preach tonight and both times Sunday. There will be no services Saturday night.

The revival which has been in progress at the First Baptist church for the last few weeks will close on Sunday night. The Rev. Oren Cook of Franklin returned home today to preach a funeral and will remain as there were only two more meetings. The sermon will be preached tonight by the pastor, the Rev. S. G. Huntington, and he will also preach morning and evening Sunday. No services will be held on Saturday night. There have been eight additions at the Baptist revival thus far.

Upon the subject "Unseen Conquest," the Rev. Mr. Smith spoke last night in part:

"For the noblest man that lives there still remains a conflict. Many a man goes walking down the street his heart a greater battlefield than Thermopyla or Waterloo. The truest heroes are unknown. At Gettysburg there are long lines of gravestones on each of which is the simple word 'Unknown.' These men sacrificed home, their lives and their very names at the country's call. Many a boy is standing on the street corner at night with a placid face, but a fiercer battle than any of the fifteen decisive battles of the world rages in his breast. The Angels of heaven hushed their hearts to wait for the decision. If the white banner of peace is finally unfurled all heaven rejoices. If not, the demon's chant the requiem of a soul.

"Many a man has enough and to spare of earthly fortune who has sold everything good to get it. Too many are attempting to get rich without giving just equivalent for their gains. Character is the coin that will pass current with God.

"The exciting elements in a life, a biography, a romance a drama, or

## VALUE OF GRADED LESSON IS SHOWN

George N. Burnie, State Secretary, Points to Advantage of That System in Sunday School.

TALK AT COUNTY CONVENTION

Next Session Will be Held at Carthage and Arlington Minister is Elected President.

Increased efficiency in organized Sunday school work of the county is promised after activity in the Rush County Sunday School association was renewed at the annual convention Thursday at the United Presbyterian church.

George N. Burnie, secretary of the Indiana Sunday School association, stirred up the workers considerably during his visit here and his three addresses inspired them to greater efforts.

Carthage won the next county convention and the presidency of the association went to Arlington. The following officers were elected:

President, the Rev. D. L. Milligan, pastor of the Arlington Christian church; vice-presidents, the Rev. Archibald Ericksson, pastor of the Fletcher M. E. church at Carthage and Harvey D. Allen, secretary of the First Presbyterian Sunday school of this city; secretary-treasurer, Miss Pearl Coffin of Carthage; superintendents of departments, elementary, Miss Hazel Coffin of Carthage; secondary, the Rev. Harry R. Hole, pastor of the Friends church at Carthage; adults, Carl Webb of Rushville; home, Mrs. Mary J. Holmes of Rushville; training, Mrs. E. E. Hungerford of southwest of Rushville; temperance, James Lock of Rushville, and missionary, Mrs. Virchous Heaton of Manila.

Secretary Burnie proved to be an exponent of the graded lesson for Sunday school. The graded lesson is in general use not only in Rushville but elsewhere in the county. He detailed briefly the fight in the International Sunday School association for the graded lesson as against the uniform lesson.

The speaker, in conclusion, summed up his remarks last night with the thought that God had furnished the folks of the Sunday school as soil, had given them the Bible as seed and had led the consecrated minds in their work of preparing the graded lessons and helps so that the seed might be planted in the soil that the best results might be obtained.

He told of the fight for the uniform lesson, how it was finally won at the International Sunday School association convention at the Second Presbyterian in Indianapolis in 1872 and how the uniform lesson bound Protestant America into one compact mass in the study of the Bible in the Sunday school.

Secretary Burnie recalled how the opponents of the uniform lesson and of the advanced lesson were about evenly divided at the international convention at Toronto, Canada, in 1905 and how, when put to a vote, those favoring the uniform lesson won by a narrow margin. He said the leader of the faction favoring uniform lessons was so broad that he moved the lesson committee be instructed to prepare a series of advanced lessons as well. The suggestion was followed, but the advanced lesson was very little used, he said.

Secretary Burnie said that the old question bobbed up at the international convention in Louisville in 1908, but in a different form. The committee recommended continuation of the uniform series and also

## AS GERMAN PRESS SEES IT

Of Course, Submarine Was Justified in Sinking Ancona.

(By United Press.) Berlin, (Via Sayville), Nov. 12.—The torpedoing of the Italian liner Ancona was perfectly justified, the Berlin press agreed today, by the vessel's attempt to escape. The newspapers all accepted this as proved.

Concerning the question of the submarine's nationality, the papers pointed out that all accounts say the boat flew the Austrian flag. They agreed that while a war craft may hoist the colors of another country for strategic reasons, it certainly would fly its own in action.

## BELIEVED NEWS IS BEING HELD UP

Thought More Enlightening Details on Sinking of Ancona Are Withheld by Italian Censor.

FRAGMENTARY DISPATCHES

(By United Press.) London, Nov. 12.—Belief that the Italian censors are withholding messages dealing with important phases of the sinking of the liner Ancona was strong here today.

A few fragmentary dispatches arrived early today but news of importance surrounding the sinking of the ship was lacking.

The latest dispatches from Rome said the Italian governor has received no official reports on the disaster. It was concluded here that the Italian authorities have imposed a stricter censorship on cable dispatches in the past 24 hours, awaiting official information.

## POLICE HAVE NO TRACE OF CASEYS

Father and Son Are Still Among Missing Since Raid on Their Rooms on Wednesday.

NO EFFORT TO GET THEM

Newton Casey, wanted here on the charge of "bootlegging" and for the violation of a parole issued by Governor Ralston, has not yet been located by the police. The same is true of his son Eddie Casey, also wanted by the police. Eddie Casey ventured closer to capture than did his father, when he returned to the Casey rooms and changed clothes. The key to the place is in the hands of John Vanatta.

The police are not now making any great effort to capture the Caseys as they believe that the community is better off without their presence and that as long as they remain away the public is assured that they will do no "bootlegging" here. As near as can be determined the last seen of Newton Casey was Wednesday afternoon about 2:30 o'clock near the J. C. King farm, south of the city. It is believed that he went to Milroy and took a train for the south.

ITALY TO AID ALLIES.

London, Nov. 12.—Italy has agreed to lend sufficient aid to the allies in their Balkan campaign to insure their complete success, according to dispatches from Rome today.

## CABINET SOLIDLY BEHIND WILSON

Announced Today Following Meeting That Associates Will Support Preparedness Program.

ANCONA NOT DISCUSSED

President's First Message to Congress Will Deal Almost Entirely With Defense.

(By United Press.) Washington, Nov. 12.—President Wilson today conferred with his cabinet for an hour, the first cabinet meeting since July. The sessions which will now be held every Tuesday and Friday promise to be the most important of the present administration.

It was positively stated that the meeting today was not due to any crisis arising out of the sinking of the Ancona. Since reports on the sinking of the Ancon thus far have been conflicting, the administration is without details. The incident will be discussed later it was announced.

The president is understood to have laid before his associates a brief outline of his program of national defense on which he proposes to concentrate his forces in the coming congress. A member said the cabinet stands behind the executive on his preparedness program.

It is understood that the president's first message to congress will deal almost entirely with proposed increases in the army and navy.

How revenue is to be raised to meet these increases was discussed today.

Secretary Redfield was absent. It was announced that he was on a trip to Georgia.

## PREFERS CHARGES AGAINST AMERICAN

Former Austrian Consul Says J. F. Archibald Knew What Was in Papers he Carried to Vienna.

WRITTEN IN HIS PRESENCE

(By United Press.) Washington, Nov. 12.—An immediate investigation will be made of the statement of Dr. Joseph Goricar, formerly Austrian consul at San Francisco that James F. Archibald, arrested in England, recently, for attempting to carry papers to Vienna for Former Austrian Ambassador Dumba, knew what was in the papers, the justice department announced today.

Goricar alleged that, contrary to Archibald's statement, the letters and memoranda were prepared in the office of the Austro-Hungarian consul before Archibald and himself.

Assistant Attorney General Warren said the department had continued its investigations of alleged violations of American neutrality since Dumba's recall and that as soon as more evidence had been collected a conference with state department officials would be held to determine upon a course of action.

GORICAR ACCUSED.

(By United Press.) Washington, Nov. 12.—Dr. Joseph Goricar is accused with secretly plotting with Russian and Serbian agents with the intention of disseminating disloyalty among Austro-Hungarian emigrants, in a statement issued today by the Austrian embassy.

### Summer.

Albert Rigsbee and mother returned home, Monday, after visiting relatives in Iowa for several weeks. W. O. Folger and daughter, Mary, of Carthage were entertained at dinner at D. M. Pressnall's, Sunday.

Miss Pearl Young was visiting at E. C. Macy's over Sunday.

Lyndsey Winters has sold his place to Mr. Coats, near Knightstown.

Elbert Benefiel and family and Clarence Hargrove and family have sold out here and moved to Washington county.

Mrs. Emily Rigsbee, Mrs. Cassie Macey and Mrs. Laura Folger were visiting Mrs. Alice Miller Monday.

Rev. F. J. Folger of Carthage, Rev. John F. Pressnall and Mr. and Mrs. D. M. Pressnall were visiting at Jasper Hester's Monday.

Rev. John F. Pressnall spent Monday night at Rev. Jacob Hester's and he and Mrs. Laura Folger were entertained for dinner at D. M. Pressnall's Tuesday.

Rev. T. J. Anthony preached one of the finest sermons Sunday morning at the Arlington M. E. church, that anyone ever heard. His text was, "Come up Hither." He showed the difference in the form of religion and life in religion, and exhorted the people to come up higher than just to have the form of religion. He dwelt upon the question "What is your religion doing for you?" and "What is it doing for others?" Everyone should have these good, practical sermons he is preaching.

### Little Flat Rock.

Rev. and Mrs. Talmage DeFrees returned to their home at St. Louis Thursday.

Mr. and Mrs. Carl Wilson and family and Mrs. Nora Wilson attended church at Hannegan Sunday and took dinner with Mr. and Mrs. Jesse Wilson.

A daughter was born to Rev. and Mrs. Moody Edwards Wednesday morning. Mrs. Gatts of West Virginia is with her daughter, Mrs. Edwards.

Mrs. William George returned Friday from Berne, Ind., where she spent two weeks with Mr. and Mrs. Earl George. They have been entertaining a baby girl since Sept. 23.

The funeral of Mrs. Andrew Guffin of Roswell, N. M., was held Tuesday afternoon, conducted by the Rev. M. G. Long of Markle, Ind., assisted by the Rev. Moody Edwards and the Rev. Talmage DeFrees. The remains were laid away in the cemetery here. The community is deeply grieved over the loss of this dear friend and extend deepest sympathy.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with indigestion, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## DID NOT SEE ANY BLOW WAS STRUCK

Frank Shekel of Muncie Testifies in

Murder Trial of John Craig at

Newcastle.

### FIRST DIRECT EVIDENCE

Newcastle, Ind., Nov. 12.—The state continued its case in circuit court here today in the case of John Craig, of Muncie, who is being tried for the murder of Frank Deam, of Muncie, in a Muncie factory. The case was sent here on a change of venue.

The state yesterday began introducing direct evidence for the first time. Frank Shekel, who was on the stand almost all day, testified that although he saw the scuffle between Deam and Craig and Hopper, the other youth implicated, he did not see any blows struck. He said that before the attack was made in the factory where Deam was a foreman, all 3 men apparently were in good humor and smiled frequently. He testified that Craig seized Deam from behind, pinning his arms at his side, and then Shekel started around a truck to help Deam. While he was going around the truck the men fell to the floor and what happened then he did not see. When he had walked around the truck the men were on their feet again. Deam then staggered back into the arms of other employees in the plant. The state has contended that after the men regained their feet Craig stabbed Deam twice. Otto Lawrence testified that he saw Craig take a knife out of his pocket, open it and return it to the pocket, blade down, so that he could get it easily. He asserted that after the men regained their feet Deam did not stagger until Craig stabbed him again.

## BESSIE MATTOX EXPIRES

Eight-Year-Old Daughter of Mr. and Mrs. Bert Mattox Dies.

Bessie, the 8-year-old daughter of Mr. and Mrs. Bert Mattox, died last night at their home in East Fifth street after a long illness from heart disease. The little girl had been in a critical condition for some time, and her death was not unexpected. She had suffered for some time from an enlargement of the heart. The funeral services will be conducted Sunday afternoon at two o'clock at the late residence and burial will take place in East Hill cemetery.

## Sure Way To Get Rid Of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

An Old-Time Patient Claims Great Benefit From its Use.

The following is clipped from a medical journal of May, 1914, page 166 (name on request): "An old-time patient of mine just informed me that he treated with number of physicians and patent medicines for rheumatism for the past two years without obtaining much relief until taking a preparation called 'Rheuma,' and after taking two or three bottles he claims almost a complete cure. Can you tell me what the formula is?—T. A. M., M. D., Missouri."

Rheuma is manufactured only by the Rheuma Co., Buffalo, N. Y., and is sold by Johnson's Drug Store and all other druggists.

Cases like the above are numerous, for many users of this great remedy for rheumatism and find it reaches the disease through the blood, kidneys and bowels, and cleanses the system of the poisonous uric acid sediment.

Scott Buell entertained last evening at the Hotel Seanlan with a six o'clock dinner in honor of his birthday anniversary, the following guests: Miss Hester Porter of Shelbyville, Misses Erema and Edith Wilk, Helen Seudder and Louise Craig and Mr. and Mrs. Benjamin Humes, Robert Humes, Louis Mauzy, Perry Oneal and Lawrence Clark.

The C. W. B. M. of the Little Flatrock Christian church met at the home of Mrs. Mary Piper Thursday afternoon. Special music was furnished by Mrs. Piper. Miss Letha Hungerford was leader. The afternoon was most enjoyable spent. Refreshments were served. The next meeting will be held with Miss Laura Scholl Thursday, December 9.

A hayload of young people from Carthage enjoyed a Halloween party given at the home of Miss Vera Ryse, who lives three miles west of town. Everybody went masked and a good time was enjoyed by all present. There were about 45 present. The color schemes were pink and white. This scheme was also carried out in the refreshments. The refreshments were ice-cream and cake. The favors were

black cats. Miss Ryse was assisted by Miss Beatrice Hunt (From Carthage Citizen.)

Local News

Michael Delaney, who recently underwent an operation at the Sexton Sanatorium, is doing nicely.

A masquerade, box and pie supper will be given at district school No. 11 of Rushville township on Nov. 19. Girls bring boxes and pies. All who are unmasked will be fined five cents admission.

Tillie Wright, daughter of Mr. and Mrs. Charles Wright of West Seventh street, who was operated on last Wednesday for adnoids and the removal of her tonsils, is getting along nicely.

Word has been received here that a girl weighing eight pounds has been born to the wife of Herman Kinnett in College Corner, Ohio. Mrs. Kinnett was formerly Miss Marie Harrison and is a daughter of Mr. and Mrs. I. O. Harrison of Richland township.

Lurline Council No. 296, Daughters of Pocahontas will have a called meeting Wednesday evening, November 17, instead of the regular meeting on Thursday night, to transact all business that may come before the council. All members are urged to be present to accept the invitation to Connersville for the reception for Mrs. Nellie Hall, Great Pocahontas.

HERE AND THERE IN THE NEWS OF THE DAY.

New York, Nov. 12.—Treasury Secretary William G. McAdoo tomorrow will tell the annual convention of the American Academy of Political Science what congress must do to insure the success of an American Mercantile marine.

Portland, Me., Nov. 12.—The first of twenty high class, municipal subscription concerts scheduled for this city this season, is to be given here tonight. The city runs the whole show for the citizens. The program includes Schumann-Heink, Boston symphony, Hulia Culp and eighteen others.

Norfolk, Va., Nov. 12.—Laborers today began to make junk of Admiral Farragut's old flagship Franklin, in which he made his memorable voyage to Europe immediately after the civil war. The Franklin was the first ship from whose mast was unfurled the four starred flag of an admiral of the U. S. Navy. The Franklin carried Boss Tweed back to the U. S. when he ran away in 1878.

Denver, Colo., Nov. 12.—Articles of incorporation were filed today for two companies which will manufacture de-hydrated food. De-hydrated food is onions, apples, cabbage, any kind of food from which the water has been evaporated. De-hydrated food looks more like nothing than anything else. Put a chunk of it in water for a few hours, however, and you may get two quarts of luscious strawberries on December 25.

Des Moines, Ia., Nov. 2.—Miss Flora Dunlap, state president and Mrs. Frank Didson, campaign man-

ager, are making a house to house campaign for woman's suffrage all over Iowa, to be completed before the constitutional amendment goes to a vote in June. So far the canvas

is said to show a strong suffrage sentiment. One woman contributed her gold teeth to the campaign fund, now \$4,000.

the murderous business of fighting.

But why indeed, should not the victors be big enough to make the first offer of terms? Why should not Germany, proved valiant at arms, be brave enough to risk the jeers of her foes and to propose peace?

However such a proposition may be misinterpreted, however, Great Britain may feign that it is her dearest wish to fight on and on, there is no doubt that her sanest leaders have their ears to the ground listening eagerly for this rumored proposition from Berlin. This is realized in financial circles, where the real extent of the failure of the Anglo-French loan is well known. The outward and visible sign of this failure is the fact that sterling exchange is lower than it has been for over a month.

It is curious, by the way, how the phrases run in the reports of the stock exchange. "In view of better strategic conditions" the market is up. "Conditions being less favorable" quotations are down. It does not seem to occur to the writers to designate for which of the belligerent conditions are better or less favorable. The fact is that Wall Street looks on European conditions only as affecting their debtors and its spirits and bids go up or down according to the fortunes of the Allies—one of the long-predicted consequences of the loan.

**Moving The Cotton Crop**

Next to be a "deserving Democrat" the best-paying proposition down South is lending money. Interest charges in Dixie net the banks all the way up to 120 per cent. W. P. G. Harding, one of the Southern and Democratic members of the Federal Reserve Board, is authority for this statement—he having told the Raleigh Chamber of Commerce that there are five national banks in Alabama (Mr. Harding's own state) whose maximum rates of interest average 26 per cent. The average rate of interest which one of these banks was charging on all of its loans amounted to 12 per cent and another 10 per cent. In Arkansas one national bank admitted making a loan at a rate as high as 120 per cent, another one at 50 per cent, another at 60 per cent and another at 25 per cent. In Georgia there were eleven banks where the average maximum rate of interest was about 30 per cent. The maximum rate charged by one of these banks was 40 per cent, and the average on all loans was 15 per cent. No bank in South Carolina admitted charging more than 15 per cent. In Texas a number of banks reported rates in excess of 100 per cent. And yet the South pays less, far less, income tax than any other portion of the country; and whenever the cotton crop is to be moved the South lets out a loud roar demanding Federal help

**FINDS RELIEF AFTER SEARCH LASTING YEARS**

Newport, Ky., Man Finds Tanlac to be Fine Medicine.

Cincinnati, O., Nov. 11.—O. T. Locke, a furniture repairer who lives at 614 York street, Newport, Ky., is one of the hundreds of men and women who have been relieved of severe cases of catarrh of the stomach and head by the use of Tanlac the "Master Medicine." Mr. Locke said yesterday:

"After suffering several years with catarrh of the stomach and head, I have at last found relief. I was sick a long time and tried many medicines in a vain endeavor to benefit my condition. I was annoyed almost constantly by mucus dripping into my throat, a buzzing in my ears and fullness in the head.

"My head ached almost constantly, my limbs were tired and benumbed, and I had little energy or ambition. I also had pains in the pit of my stomach.

"Tanlac has helped me as no other medicine ever did. After taking the medicine a short time, I can conscientiously say that my condition is greatly improved. I am glad to recommend it to any and all suffering as I did."

Tanlac is not only beneficial in cases of catarrh like Mr. Locke suffered with, but is equally efficacious for stomach, liver and kidney trouble, rheumatism, nervous debility, loss of appetite, insomnia and the like.

Tanlac the Master Medicine, is sold in Rushville at F. E. Wolcott's Drug Store.

Edwin M. Lee Writes Huntington

Man, Former Progressive, he Will  
Stand the Car Fare.

TO A DISTRICT CONVENTION

Indicates That Former State Chairman is Real Power Behind the  
Throne in Indiana.

Huntington, Ind., Nov. 12.—That E. M. Lee is the real power behind the throne in the tottering Progressive state organization is borne out by a letter received a few days since by a Huntington man. The man is now a member of the Republican party, but was at one time connected with the Progressive party.

At a meeting some time ago the Progressive state committee ticket put a Democrat who professed to have been converted to the Progressive faith and elected him chairman. Since that time rumors have it that Boyd was not the real chairman, and it was intimated that he was a tool of the Democrats to keep the Progressive organization alive.

The letter calls the former Progressive to a meeting at the Hotel Barrett in Logansport at 1 o'clock the afternoon of Saturday November 13. And further it offers to pay the expenses of the recipient of the letter—"if necessary."

The offer to pay the expenses to attend this meeting has caused some little speculation. Some say it means that the cause is so hopeless that individuals are no longer willing to spend their money in it, and others say that it indicates a "pork" barrel of some kind has been left to the state organization.

The meeting purports to be held to "counsel together as to the present and future" and "for the purpose of getting a definite idea as to the condition in your district."

The letter was written on the stationery of the Indiana Progressive state committee, and signed just plain "E. M. Lee."

The man receiving the letter replied that he had not been a Bull Moose since 1912, and that he could not give Mr. Lee the names of ten Bull Moose in Huntington county.

**Effects of Morton's War Speech**

"It was the speech demanded by the emergency. Its effect was incalculable, not only in the state, but over the entire country. The sentiments which it declared were the principles which afterwards guided the conduct of the administration and the policy of the Republican party. It is related of Lincoln when he read it he said 'It covers the whole ground, and declares the necessary policy of the government.' The British minister at Washington sent a copy to the English foreign office as an indication likely to be pursued by the new administration. The pitiless alternatives of coercion or national ruin were never held up to view more clearly than in the severe and simple diction of these sentences."—FOULKE.

By GEORGE HOLMES  
(U. P. Staff Correspondent.)

New York, Nov. 11.—Tomorrow's football calendar is about as attractive as has been offered this season, headed by the Yale-Princeton, Pennsylvania-Michigan and Syracuse-Colgate games in the East, and the Minnesota-Chicago and Illinois-Wisconsin games in the West, on which depend the 1915 championship of the Big Nine.

The Yale-Princeton game undoubtedly will attract a mammoth crowd. The supporters of the Blue will wander back to New Haven hoping against hope that Tom Shevlin has accomplished a miracle in the last two weeks and whipped a team in shape that will make a creditable showing against the Tigers. The Princeton partisans will drift back to cheer for what they believe is the best Tiger eleven that has emerged from Old Nassau in years.

Yale is hoping for a repetition of the 1910 feat. Yale faced Princeton in that year in much the same way—broken and shattered, with Tom Shevlin but two weeks at the helm, having been brought back by frantic calls for help. But the old Eli star upset the dope by pushing his demoralized charges to a 5 to 3 victory over the Tigers and crowned the stunt a week later by playing Harvard to a scoreless tie when the

odds were about 3 to 1 against him. Maybe Shevlin has turned the trick again this season.

Two elevens which have been finding the going rough meet at Philadelphia—Pennsy and Michigan. The result is not important, as both are weaker this year than for many seasons and long since out of the championship running. Up at Syracuse there promises to be a real battle. Colgate with the best eleven in her history and one of the best in the country faces a tough customer in Syracuse, who held Princeton 3-0. Colgate's hopes of remaining in the championship groove are on the game.

The Rushville football team will play the Marion club team Sunday at Federal league park, Indianapolis. The game was arranged by Manager Stonecipher after the Brownburg team got cold feet or something worse, as they gave no reason for calling the game off.

A number of fans will accompany the team to Indianapolis for the game Sunday. The team has confidence that it can beat the Marion club aggregation, although the game is expected to be hardest of the season. The squad of sixteen men will make the trip. The local team has only been defeated once this year and expects to make a good showing against the heavy Marion club aggregation.

# WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. RESCH, 1900 West Broadway, Louisville, Ky. 1

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# INSPECTION OF MEAT INCREASED

More Than 58,000,000 Animals Slaughtered in Establishments Under Federal Supervision

100,000,000 KILLED EACH YEAR

Tuberculosis is Chief Cause of Condemns And Hog Cholera Runs Close Second

Washington, Nov. 11.—More than 58,000,000 meat animals were slaughtered in establishments under Federal inspection during the fiscal year ending June 30, 1915. Since approximately from 58 to 60 per cent of the animals killed in the country are slaughtered in establishments where Federal inspection is maintained, it appears that about 100,000,000 meat animals are now being killed each year in the United States.

Of the animals subjected to Federal inspection 299,958 were condemned as unfit for human use, and 644,688 were condemned in part. Thus a little more than 1 1/2 per cent of all the animals inspected were condemned either in whole or in part. These figures include only cattle, calves, sheep, goats and swine.

Tuberculosis was the chief cause of the condemnations. More than 32,644 carcasses of cattle and 66,000 carcasses of swine were entirely rejected on account of this disease, and in addition parts of 48,000 cattle and 440,000 swine. Hog cholera was responsible for the next largest loss, nearly 102,000 swine being condemned entirely on this account.

The annual appropriation for the Federal Meat Inspection Service is now about \$3,375,000, so that the cost to the people would be between 5 and 6 cents per animal if the service was confined entirely to the inspection of the animals and carcasses. In addition, however, great quantities of the meat and products are reinspected. In this item there was a very considerable increase during the last fiscal year, the reinspection resulting in the condemnation of a total of nearly 19,000,000 pounds of products of one kind or another. Furthermore, 245,000,000 pounds of imported meat or meat products were inspected and more than 2,000,000 pounds condemned or refused entry.

In the course of its work, the Bureau of Animal Industry, which is in charge of the meat inspection service, has discovered a new method of destroying trichinae in pork, which is an additional safeguard to human health. Refrigeration at a temperature of 5 degrees, F., or lower, for a period of 20 days will destroy these parasites which occasionally give rise in human beings to the serious disease known as trichinosis. Hitherto the only known safeguard against this disease has been thorough cooking of all pork and pork products, and those persons who neglect this precaution have always been more or less exposed to the danger. Unless pork is known to have been subjected to refrigeration as above indicated it should be thoroughly cooked. The microscopic examination of pork for the detection of trichinae has been abandoned as the usual methods have proved inefficient.

In this connection it is interesting to note that more swine were slaughtered in the past year in establishments under Federal inspection than ever before. A total of 36,247,958 were inspected at the time of slaughter and approximately 35,900,000 passed for food.

# AWAIT ACTION OF HIGH COURT

Muncie Reformers Say Future Depends on Decision Regarding Special Prosecutors.

TWO APPOINTED BY COURT

If Judge Ellis is Upheld Prosecution of Officials Will be Pushed Vigorously

(By United Press.)

Muncie, Ind., Nov. 12.—Upon the decision of the Indiana Supreme court on the question whether Judge Frank Ellis of the Delaware circuit court acted within his rights in appointing special prosecutors rests the future of the sensational charges of graft and civic corruption against Muncie city officials and others. Officials charged in grand jury indictments last February with accepting bribes, malfeasance in office, operation of blind tigers and houses of ill-fame await with more anxiety than surface indications show, the decision of the supreme court. The future of the attacks hinges on these alternatives:—

If the supreme court upholds Judge Ellis the prosecution will be pushed vigorously with Special Prosecutors Thompson and Ryan directing the attacks upon the officials.

If the state tribunal holds that Judge Ellis acted outside his powers in the appointment of these attorneys, the prosecution probably will fall with a crash.

"Dry" leaders assert that if the court reverses Ellis they cannot expect prosecution from J. Frank Mann the prosecutor, who has at various times let it, so it is said, be known that he opposes the prosecution. The point regarding the special prosecutors was raised by the defense and has been pending several months. Each side expects a favorable decision.

While the legal point is grinding through the high court the officials are contenting themselves with filing sensational pleas and answers to the charges lodged against them. The burden of this is that the Civic League—which is backing the prosecution—used undue influence and large sums of money in causing witnesses to testify falsely before the grand jury which returned the indictments. The attack is being directed at members of the jury, at the special prosecutors and Judge Ellis.

Ryann is charged in the defendants plea in abatement with bribery and allied crimes. He has filed a \$5,000 suit for libel against Gene Williams, deputy prosecuting attorney, who was author of the plea. An Indiana newspaper league of morning papers is named as co-defendant.

State wide attention was attracted to Muncie last February when the grand jury returned indictments against Mayor Bunch, Deputy Prosecuting attorney Williams, Chief of Police McIlvaine and members of the Board of Police Commissioners, alleging gross civic irregularities.

## THE MOST DISTRESSING SIGHT IN THE WORLD

during the summer is a fat man wearing a sport shirt and the most distressing sight in the winter is to see someone trying to get along without A GOOD STORM BUGGY. If you knew how warm one of my storm buggies would keep you, how well they are made, now nice they look, and what a general comfort they would be to the whole family, you certainly would own one before the end of the week. I have used special pains to obtain a line of storm buggies that have all the little things that make them desirable, quality and style together with a comfortably designed cushion and back, easy riding springs, fine finish and the best of material throughout, are some of the essential things found on them and you are welcome at all times to call and see for yourself and I assure you it will be a pleasure to show you the detail construction of these buggies at any time. The construction of a STORM BUGGY makes lots of difference in the draft and I will explain to you why these buggies are lighter draft than others. It only takes a few minutes of your time to look at our stock and it will mean years of regret if you don't. Now is the time to get ready for winter, SO DO IT NOW.

# ASKS BUSINESS BE SUSPENDED

Governor Ralston Issues Thanksgiving Day Proclamation, Urging Generous Observance.

BLESSED WITH THE HARVEST

Indianapolis, Ind., Nov. 12.—Governor Ralston has proclaimed Thursday, Nov. 25, as Thanksgiving day and asked "that all business be suspended and that the day be set apart for worship and sincere gratitude to the Creator for his continued mercy and His loving kindness."

His proclamation follows: There has perhaps never been a time when the people of our state and country had more or greater causes for thanksgiving than now.

We have been blessed with plentiful harvest and the fruitage of orchard and vine has been abundant. Commerce and industry have prospered increasingly, and the manifold blessings of peace have been vouchsafed to our people.

Now, therefore, I, Samuel M. Ralston, Governor of the state of Indiana, do hereby designate and proclaim Thursday, November 25th, 1915, as Thanksgiving day, the same being a holiday by law; and I earnestly recommend that all business be suspended, and that the day be set apart for worship and sincere gratitude to the Creator for His continued mercy and His loving kindness.

# OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

## The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Santanel Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.

## MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach scurs, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Definite assurances were given at the meeting of the local G. A. R. post Tuesday evening of the presence here on November 19, of James E. Watson and Jesse Weik, secretary of the state commission, appointed to locate the route followed by the Lincolns in moving from Indiana to Illinois, and joint author of one of the best known biographies of Lincoln says the Muncie Press. The exercises will be incident to the unveiling of the bronze memorial to Lincoln bearing the text of the Gettysburg address in the new high school building.

Mr. Weik, it is announced, will speak on "Lincoln's Life in Indiana." Mr. Watson's topic will be: "The Life and Services of Abraham Lincoln." The meeting will be held in the afternoon and will be open to the general public, to the capacity of the auditorium.

## Has Faith in Quick Remedy for Catarrh

Johnson's Drug Store Guarantees That Hyomei Will Relieve The Worst Cases of Catarrh in Rushville.

When one of the most reputable concerns in Rushville guarantees that a medicine will produce benefit or they will refund the money, it speaks volumes for the merits of that remedy. It is in this way that Johnson's Drug Store is selling Hyomei, the treatment that has helped so many cases of both acute and chronic catarrh in Rushville and vicinity.

Hyomei is not a pill nor is it a spray or a lotion that must be rubbed in. It is an oil, the air of which you just breathe in your nose, throat and lungs by the aid of an inhaler that comes with every outfit. Benefit will usually be seen from the very first treatment.

This air destroys all germ life in the air passages and lungs and enriches and purifies the blood with the additional ozone it supplies. It banishes catarrh of the head and throat and respiratory organs. Wherever these mucous membranes contain catarrhal germs, there Hyomei will do its work of healing.

The complete Hyomei outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Remember that if Hyomei does not relieve you Johnson's Drug Store will refund your money.

## VALUE OF GRADED LESSON IS SHOWN

Continued from Page 1.

that the committee prepare a series of graded lessons for elementary use. At the international convention in 1911, he said, a graded series for the teen age was recommended and he said he expected that at the 1914 convention there would be recommendation for a graded lesson for the adult age, but it was not forthcoming. Mr. Burnie said he felt certain that at the 1917 convention in New York the suggestion would be made and adopted.

Mr. Burnie pointed to the limitations of the uniform lesson. He said, for instance, the story of David and Goliath was a good one for the junior boy because it appealed to his imagination, but that it was not good for "the heart soil of the little child." Nor would it be good for the person of rich experience in the Christian life, he declared. Mr. Burnie spoke of the limitations of the uniform lessons.

"So much of the scriptures were unexplored in them," he continued. "The too advanced studies could not be reached because they were too deep for the child minds. Graded lessons offer the opportunity to select seed suited to the soil. The graded lessons are sufficiently tested out so that they need no longer to be referred to as theory. The schools which have used the graded lessons are the ones which have made the marked advancement. Any Sunday school which adopts the graded lesson is placing itself on a higher level of religious education and a higher level of efficiency may be reached."

"The graded lessons do not mean chaos, because the juniors of Rushville study just the same lesson as do the juniors on the Pacific coast. The history of the graded lessons is the devotion of seventy-five consecrated minds. They are not an overnight thought or the product of one mind."

A Marion dispatch says Mrs. Sloderback apparently was blinded by the lights of an approaching street car and did not see the automobile, which was moving slowly. She suffered internal injuries and three ribs were broken.

## SOME SUGGESTIONS FOR YOUR WINTER READING.

A statement issued at the library today says:

The time has come for preparations for winter, the winter coal must be put in; the winter clothes purchased, etc. what plans are you making for the long winter evenings? Can you think of anything more attractive than a good book under the evening lamp after a busy day? Of course we read largely for recreation but why not plan a little reading which will give us the feeling of having accomplished something when the June days come again.

The Librarian will gladly offer suggestions, or work out a reading list, long or short, on a subject. At least try one of the groups below, three or four worth while books in one winter are not much. We would feel it a privilege to suggest a reading list, making it bright, popular, reading or down-right study, as you may prefer.

## TRUEST HEROES ARE NOT KNOWN

Continued from Page 1.

a history of the people is the moral and spiritual struggle. We are always anxious to know the outcome of the battle in the individual, in society, the nation or the world. Will the forces of righteousness or agencies of evil triumph in this fair city of Rushville? Are our young men to be won for Christ or is the battle to be lost? America is rich and prosperous, but she may go the way of Rome and the Empires of the past if Christianity does save her. Every good citizen must be interested in the silent battle that is being fought out on American soil. Visit the graveyards of nations and there learn the story of peoples who have slighted the teachings of God.

"God is laid help upon One who is mighty and able to save to the uttermost. The proudest and most prominent man in the community needs reinforcement which God alone can give or the conflict will go against him. The efforts that are being made in the various churches of the city at this time are intended to bring God into our longing life and to help men and women in the spiritual struggle to win the victory for God and the souls of men."

Kern Proposes Bill to Take "War" Tax Off People.

Washington dispatches say that Senator John W. Kern of this state will introduce a bill in the next congress making it unlawful for telegraph or telephone companies to shift "war tax" to their patrons. He takes the view that congress never intended this tax should be unloaded by the companies on the people. The companies now make an extra charge to cover the tax. Patrons of the local telephone company have been paying the additional tax since the "war" revenue measure became effective.

## CHIROPRACTOR ASKS NEW TRIAL

William Monks, Recently Fined \$25 by Jury, Says Verdict Was Contrary to the Law.

### DECLARES THE COURT ERRED

Famous "Tree Doctors" Case Against the City Goes to the State Supreme Court.

The first action in the state case against William Monks, local chiropractor, since the jury returned a verdict of guilty to the charge of practicing medicine without a license and assessed his fine at \$25, was taken this morning, when Monks filed a motion for a new trial.

In the motion for a new trial it is alleged that the verdict was contrary to the law. For the most part the motion for a new trial attacks the court's instructions to the jury setting up that the court erred in giving certain instructions asked by state and also in not giving some instruction asked by the defendant.

Judge Sparks heard the case of the Greenfield Building and Loan Association against Jerry Lynam, Margaret A. Lynam and Emma A. Barrett, on a note and to foreclose a mortgage this morning and took the case under advisement. The case was sent to this county on a change of venue from Hancock county and there was little interest in the suit here.

A petition for an additional assessment in the Maurice W. Manche drain was heard by Judge Sparks and an additional assessment of six per cent was ordered. The original case was heard several years ago and the assessments as fixed at that time were not sufficient to construct the drain, requiring the additional assessment of six per cent.

The famous "tree doctors" suit against the City of Rushville has been taken to the supreme court, according to a notice filed with the clerk of court. The official title of the suit is Alenbert W. Brayton, Jr., doing business under the firm name of the State Forestry Company vs. The City of Rushville, and is based on an account in which \$493.55 was demanded. When the case was heard Judge Sparks found for the City of Rushville, with the costs against the plaintiff.

In the case of the Board of Commissioners of Franklin county against James Lanigan and the Illinois Surety company, on a bond, demanding \$2,454.10, Judge Sparks found for the defendants. A demurrer to the complaint led by the Surety company was sustained some time ago by the court, and the plaintiff refused to plead further.

## GAUNTLET DOWN TO WAR PARTY

Greek King Dissolves Parliament and Sets Election For December 19, Dispatches Say.

### IS RIPE FOR REVOLUTION

Diplomats Say Such May be Expected if War Leader Tries to Rouse Country.

(By United Press.)

London, Nov. 12.—King Constantine finally has thrown down the gauntlet to the Greek war party. Athens dispatches today announced the dissolution of parliament. No details were given further than that an election had been set for December 19 but what led up to his majesty's action was apparent.

When M. Skouloudis, the king's latest choice for a neutral premier, took office he began negotiations with Ex-Premier Venizelos, majority leader and war leader in parliament, trying to induce the pro-war group at least to tolerate his ministry. Venizelos evidently refused.

In dissolving parliament for fresh referendum of the peace of war question, Constantine deliberately did what Venizelos declared he has no right to do, the question being settled in Venizelos' opinion, in favor of war by an election six months ago.

Constantine named an election date much earlier than expected. He chose a time when a genuine ballot is impossible since all the trained men of military age are with the colors and can not vote.

Constantine apparently is convinced that he will get a mandate satisfactory to himself from the handful of electors who will be able to cast their ballots, with the army completely mobilized.

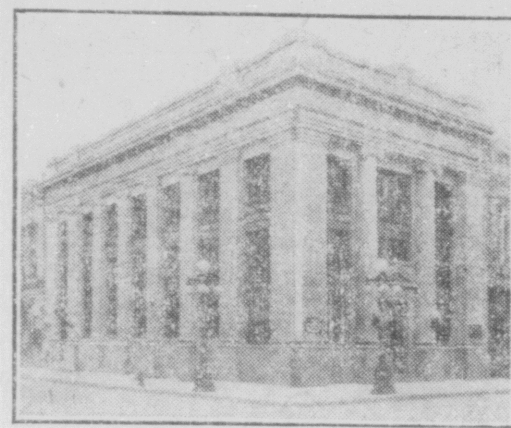

Venizelos' course is watched here with much anxiety. If he undertakes to rouse the country against the king, diplomats say they think the prospects excellent for a revolution.

## MISCONDUCT OF JUROR ALLEGED

In Motion For New Trial John A. Gray Charges B. A. Jones Commented on Suit in Court.

WHILE MEMBER OF THE JURY

Sworn Affidavits of Two Men Cited as Proof of the Charge he Made Statement.

In the motion for a new trial in the malicious prosecution suit of Otis Johnson against John A. Gray, the alleged misconduct of Ben Jones, one of the jurors who heard the case, is made the basis of a strong plea as a reason why the court should grant a re-hearing of the case. The motion for a new trial cites the usual allegations in such matters and ends with the sworn affidavit of Charles Markle and James M. Smith, regarding the conversation they had with the juror.

The affidavits of these two men relate a conversation they had with Juror Jones in which he is alleged to have commented on the case. He is alleged to have expressed himself regarding the merits and as to who should recover. The conversation is alleged to have taken place on the streets of Rushville on Saturday, Oct. 9, during the noon adjournment of court. The juror is alleged to have said in the presence of the two men:

"It looks like it is all one-sided; the witnesses are all against John. It looks like Gray has no show at all; the witnesses all said that Johnson has a good character. Johnson's wife looked Gray straight in the face while she was testifying, and she looked like she was telling the truth."

The motion for a new trial will be argued shortly before Judge Sparks and the outcome is watched with interest, as the case was followed closely when tried. The jury returned a verdict in favor of Johnson in the sum of \$350. The case was exceedingly hard fought. At the time the verdict was rendered both sides announced that they were satisfied with the result, but future events tend to show that the case has not been dropped.

It was stated today that in case Judge Sparks should grant a new trial a change of venue from the county might result, as it would probably be difficult to secure a jury for a second trial.

## CAUSED SCHOOL HOLIDAY

New Salem Teachers Here as Witness in Squire's Court.

Stanley Stewart of near New Salem was found not guilty on a charge disturbing a public meeting in Squire Kratzer's court yesterday afternoon. The case was one of those growing out of the disturbance at a school social there last week. Squire Kratzer stated that Stewart was probably guilty, but not any more so than about twenty others, so found him not guilty. Four other boys connected with the affair have paid their fines. The trial attracted a large crowd and resulted in a half holiday for the New Salem schools, as the teachers were witnesses at the trial.

Recommendations concerning five township high schools in Rush county were heard Thursday afternoon in Indianapolis by the state board of education in the report of J. B. Pearcey, state high school inspector. The report was concerning commissions and certificates.

The report revealed that the high schools at Gings and Glenwood were continued as accredited high schools for two years' work. The certificate of the New Salem high school was recommended to be re-issued and the Osborn high school was continued as an accredited school for two years work. The report showed that the Richland high school was being disbanded and the pupils transferred.

## WILL MARK END OF ARBUCKLE'S TERM

Grand Lodge Next Week Will See Removal of Local Man as Grand Master of Odd Fellows.

A SATISFACTORY OFFICIAL

The seventy-eighth annual grand encampment of Indiana Odd Fellows and the seventy-ninth annual meeting of the Grand lodge, which will be held in Indianapolis next week, will mark the end of the term of J. T. Arbuckle of this city as grand master of the order in Indiana. The grand encampment will be held on Tuesday and the grand lodge on Wednesday and Thursday at the Odd Fellows building.

The district meeting here last week was in the nature of a testimonial to the work of Mr. Arbuckle. His administration of the affairs of the lodge in the state has been most satisfactory and no word of criticism has been offered by any person, according to local Odd Fellows.

The Grand Encampment will be opened Tuesday morning at 9 o'clock and an afternoon session will be held at 1:30. Wednesday morning at 9 o'clock the Grand lodge will convene, with an afternoon session at 2 o'clock, a meeting of the District Deputies Association at 4 o'clock and the regular sessions Thursday at 9 o'clock and 1:30.

## TRUEST HEROES ARE NOT KNOWN

Evangelist J. H. O. Smith Says For Noblest Man That Lives There Still Remains a Conflict

QUESTION BOX IS OPENED

Revival Services Again at U. P. Church Tonight—Baptist Meetings Close Sunday

That the truest heroes, not excepting the greatest leaders past wars ever knew, may be, walking down the street or may fill an unknown grave, was the assertion of the Rev. J. H. O. Smith at the evangelistic services at the Main street Christian church Thursday night. The Rev. Mr. Smith said many men are fighting battles in their hearts that are greater than that found at Waterloo.

The question box was opened last night for the first time. The box was opened by the pastor, the Rev. C. M. Yocum, in the presence of the audience, and the questions were held until the Rev. Mr. Smith was ready to answer them.

One questioner wanted to know if history showed a direct line of succession from Peter to the present Pope. The answer of the evangelist was "No." Another questioner asked if history shows that Peter ever was in Rome. The Rev. Mr. Smith said there was no authentic history to be found anywhere in the world to show that Peter ever was in Rome.

The revival will be continued at the United Presbyterian church tonight after the interruption last night due to the county Sunday school convention. The Rev. S. R. Jamieson, who is conducting the revival, returned today from his home in Oxford, Ohio and will preach tonight and both times Sunday. There will be no services Saturday night.

The revival which has been in progress at the First Baptist church for the last few weeks will close on Sunday night. The Rev. Owen Cook of Franklin returned home today to preach a funeral and will remain as there were only two more meetings. The sermon will be preached tonight by the pastor, the Rev. S. G. Huntington, and he will also preach morning and evening Sunday. No services will be held on Saturday night. There have been eight additions at the Baptist revival thus far.

Upon the subject "Unseen Conquest," the Rev. Mr. Smith spoke last night in part:

"For the noblest man that lives there still remains a conflict. Many a man goes walking down the street his heart a greater battlefield than Thermopyla or Waterloo. The truest heroes are unknown. At Gettysburg there are long lines of gravestones on each of which is the simple word 'Unknown.' These men sacrificed home, their lives and their very names at the country's call. Many a boy is standing on the street corner at night with a placid face, but a fiercer battle than any of the fifteen decisive battles of the world rages in his breast. The Angels of heaven hushed their hearts to wait for the decision. If the white banner of peace is finally unfurled all heaven rejoices. If not, the demon's chant the requiem of a soul.

"Many a man has enough and to spare of earthly fortune who has sold everything good to get it. Too many are attempting to get rich without giving just equivalent for their gains. Character is the coin that will pass current with God.

"The exciting elements in a life, a biography, a romance, a drama, or

## VALUE OF GRADED LESSON IS SHOWN

George N. Burnie, State Secretary, Points to Advantage of That System in Sunday School.

TALK AT COUNTY CONVENTION

Next Session Will be Held at Carthage and Arlington Minister is Elected President.

Increased efficiency in organized Sunday school work of the county is promised after activity in the Rush County Sunday School association was renewed at the annual convention Thursday at the United Presbyterian church.

George N. Burnie, secretary of the Indiana Sunday School association, stirred up the workers considerably during his visit here and his three addresses inspired them to greater efforts.

Carthage won the next county convention and the presidency of the association went to Arlington. The following officers were elected:

President, the Rev. D. L. Milligan, pastor of the Arlington Christian church; vice-presidents, the Rev. Archibald Erickson, pastor of the Fletcher M. E. church at Carthage and Harvey D. Allen, secretary of the First Presbyterian Sunday school of this city; secretary-treasurer, Miss Pearl Coffin of Carthage; superintendents of departments, elementary, Miss Hazel Coffin of Carthage; secondary, the Rev. Harry R. Hole, pastor of the Friends church at Carthage; adults, Carl Webb of Rushville; home, Mrs. Mary J. Holmes of Rushville; training, Mrs. E. E. Hungerford of southwest of Rushville; temperance, James Lock of Rushville, and missionary, Mrs. Virchous Heaton of Manilla.

Secretary Burnie proved to be an exponent of the graded lesson for Sunday school. The graded lesson is in general use not only in Rushville but elsewhere in the county. He detailed briefly the fight in the International Sunday School association for the graded lesson as against the uniform lesson.

The speaker, in conclusion, summed up his remarks last night with the thought that God had furnished the folks of the Sunday school as soil, had given them the Bible as seed and had led the consecrated minds in their work of preparing the graded lessons and helps so that the seed might be planted in the soil that the best results might be obtained.

He told of the fight for the uniform lesson, how it was finally won at the International Sunday School association convention at the Second and Presbyterian in Indianapolis in 1872 and how the uniform lesson bound Protestant America into one compact mass in the study of the Bible in the Sunday school.

Secretary Burnie recalled how the opponents of the uniform lesson and of the advanced lesson were about evenly divided at the international convention at Toronto, Canada, in 1905 and how, when put to a vote, those favoring the uniform lesson won by a narrow margin. He said the leader of the faction favoring uniform lessons was so broad that he moved the lesson committee be instructed to prepare a series of advanced lessons as well. The suggestion was followed, but the advanced lesson was very little used, he said.

Secretary Burnie said that the old question bobbed up at the international convention in Louisville in 1908, but in a different form. The committee recommended continuation of the uniform series and also

## AS GERMAN PRESS SEES IT

Of Course, Submarine Was Justified in Sinking Ancona.

(By United Press.) Berlin, (Via Sayville), Nov. 12.—The torpedoing of the Italian liner Ancona was perfectly justified, the Berlin press agreed today, by the vessel's attempt to escape. The newspapers all accepted this as proved.

Concerning the question of the submarine's nationality, the papers pointed out that all accounts say the boat flew the Austrian flag. They agreed that while a war craft may hoist the colors of another country for strategic reasons, it certainly would fly its own in action.

## BELIEVED NEWS IS BEING HELD UP

Thought More Enlightening Details on Sinking of Ancona Are Withheld by Italian Censor.

FRAGMENTARY DISPATCHES

(By United Press.) London, Nov. 12.—Belief that the Italian censors are withholding messages dealing with important phases of the sinking of the liner Ancona was strong here today.

A few fragmentary dispatches arrived early today but news of importance surrounding the sinking of the ship was lacking.

The latest dispatches from Rome said the Italian governor has received no official reports on the disaster. It was concluded here that the Italian authorities have imposed a stricter censorship on cable dispatches in the past 24 hours, awaiting official information.

## POLICE HAVE NO TRACE OF CASEYS

Father and Son Are Still Among Missing Since Raid on Their Rooms on Wednesday.

NO EFFORT TO GET THEM

Newton Casey, wanted here on the charge of "bootlegging" and for the violation of a parole issued by Governor Ralston, has not yet been located by the police. The same is true of his son Eddie Casey, also wanted by the police. Eddie Casey ventured closer to capture than did his father, when he returned to the Casey rooms and changed clothes. The key to the place is in the hands of John Vanatta.

The police are not now making any great effort to capture the Caseys as they believe that the community is better off without their presence and that as long as they remain away the public is assured that they will do no "bootlegging" here. As near as can be determined the last seen of Newton Casey was Wednesday afternoon about 2:30 o'clock near the J. C. King farm, south of the city. It is believed that he went to Milroy and took a train for the south.

## CABINET SOLIDLY BEHIND WILSON

Announced Today Following Meeting That Associates Will Support Preparedness Program.

ANCONA NOT DISCUSSED

President's First Message to Congress Will Deal Almost Entirely With Defense.

(By United Press.) Washington, Nov. 12.—President Wilson today conferred with his cabinet for an hour, the first cabinet meeting since July. The sessions which will now be held every Tuesday and Friday promise to be the most important of the present administration.

It was positively stated that the meeting today was not due to any crisis arising out of the sinking of the Ancona. Since reports on the sinking of the Ancona thus far have been conflicting, the administration is without details. The incident will be discussed later it was announced.

The president is understood to have laid before his associates a brief outline of his program of national defense on which he proposes to concentrate his forces in the coming congress. A member said the cabinet stands behind the executive on his preparedness program.

It is understood that the president's first message to congress will deal almost entirely with proposed increases in the army and navy.

How revenue is to be raised to meet these increases was discussed today.

Secretary Redfield was absent. It was announced that he was on a trip to Georgia.

## PREFERS CHARGES AGAINST AMERICAN

Former Austrian Consul Says J. F. Archibald Knew What Was in Papers he Carried to Vienna.

WRITTEN IN HIS PRESENCE

(By United Press.) Washington, Nov. 12.—An immediate investigation will be made of the statement of Dr. Joseph Goricar, formerly Austrian consul at San Francisco that James F. Archibald, arrested in England, recently, for attempting to carry papers to Vienna for Former Austrian Ambassador Dumba, knew what was in the papers, the justice department announced today.

Goricar alleged that, contrary to Archibald's statement, the letters and memoranda were prepared in the office of the Austro-Hungarian consul before Archibald and himself.

Assistant Attorney General Warren said the department had continued its investigations of alleged violations of American neutrality since Dumba's recall and that as soon as more evidence had been collected a conference with state department officials would be held to determine upon a course of action.

GORICAR ACCUSED.

(By United Press.) Washington, Nov. 12.—Dr. Joseph Goricar is accused with secretly plotting with Russian and Serbian agents with the intention of disseminating disloyalty among Austro-Hungarian emigrants, in a statement issued today by the Austrian embassy.

The remains were laid away in the cemetery here. The community is deeply grieved over the loss of this dear friend and extend deepest sympathy.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## DID NOT SEE ANY BLOW WAS STRUCK

Frank Shekel of Muncie Testifies in

Murder Trial of John Craig at Newcastle.

### FIRST DIRECT EVIDENCE

Newcastle, Ind., Nov. 12.—The state continued its case in circuit court here today in the case of John Craig, of Muncie, who is being tried for the murder of Frank Deam, of Muncie, in a Muncie factory. The case was sent here on a change of venue.

The state yesterday began introducing direct evidence for the first time. Frank Shekel, who was on the stand almost all day, testified that although he saw the scuffle between Deam and Craig and Hopper, the other youth implicated, he did not see any blows struck. He said that before the attack was made in the factory where Deam was a foreman, all 3 men apparently were in good humor and smiled frequently. He testified that Craig seized Deam from behind, pinning his arms at his side, and then Shekel started around a truck to help Deam. While he was going around the truck the men fell to the floor and what happened then he did not see. When he had walked around the truck the men were on their feet again. Deam then staggered back into the arms of other employees in the plant. The state has contended that after the men regained their feet Craig stabbed Deam twice. Otto Lawrence testified that he saw Craig take a knife out of his pocket, open it and return it to the pocket, blade down, so that he could get it easily. He asserted that after the men regained their feet Deam did not stagger until Craig stabbed him again.

## BESSIE MATTOX EXPIRES

Eight-Year-Old Daughter of Mr. and Mrs. Bert Mattox Dies.

Bessie, the 8-year-old daughter of Mr. and Mrs. Bert Mattox, died last night at their home in East Fifth street after a long illness from heart disease. The little girl had been in a critical condition for some time, and her death was not unexpected. She had suffered for some time from an enlargement of the heart. The funeral services will be conducted Sunday afternoon at two o'clock at the late residence and burial will take place in East Hill cemetery.

## Sure Way To Get Rid Of Dandruff.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

## DOCTOR WANTS RHEUMA FORMULA

An Old-Time Patient Claims Great Benefit From its Use.

The following is clipped from a medical journal of May, 1914, page 166 (name on request): "An old-time patient of mine just informed me that he treated with number of physicians and patent medicines for rheumatism for the past two years without obtaining much relief until taking a preparation called 'Rheuma,' and after taking two or three bottles he claims almost a complete cure. Can you tell me what the formula is?"—T. A. M., M. D., Missouri."

Rheuma is manufactured only by the Rheuma Co., Buffalo, N. Y., and is sold by Johnson's Drug Store and all other druggists.

Cases like the above are numerous, for many users of this great remedy for rheumatism and find it reaches the disease through the blood, kidneys and bowels, and cleanses the system of the poisonous uric acid sediment.

Society News

Mrs. C. L. Smullen entertained the cubre club last evening at her home in Raleigh.

Scott Buell entertained last evening at the Hotel Seannan with a six o'clock dinner in honor of his birthday anniversary, the following guests: Miss Hester Porter of Shelbyville, Misses Erema and Edith Wilk, Helen Scudder and Louise Craig and Mr. and Mrs. Benjamin Humes, Robert Humes, Louis Mauzy, Perry Oneal and Lawrence Clark.

The C. W. B. M. of the Little Flatrock Christian church met at the home of Mrs. Mary Piper Thursday afternoon. Special music was furnished by Mrs. Piper. Miss Letha Hungerford was leader. The afternoon was most enjoyable spent. Refreshments were served. The next meeting will be held with Miss Laura Scholl Thursday, December 9.

A hayload of young people from Carthage enjoyed a Halloween party given at the home of Miss Vera Ryse, who lives three miles west of town. Everybody went masked and a good time was enjoyed by all present. There were about 45 present. The color schemes were pink and white. This scheme was also carried out in the refreshments. The refreshments were ice-cream and cake. The favors were

black cats. Miss Ryse was assisted by Miss Beatrice Hunt (From Carthage Citizen.)

Local News

Michael Delaney, who recently underwent an operation at the Sexton Sanatorium, is doing nicely.

A masquerade, box and pie supper will be given at district school No. 11 of Rushville township on Nov. 19. Girls bring boxes and pies. All who are unmasked will be fined five cents admission.

Tillie Wright, daughter of Mr. and Mrs. Charles Wright of West Seventh street, who was operated on last Wednesday for adnoids and the removal of her tonsils, is getting along nicely.

Word has been received here that a girl weighing eight pounds has been born to the wife of Herman Kinnett in College Corner, Ohio. Mrs. Kinnett was formerly Miss Marie Harrison and is a daughter of Mr. and Mrs. I. O. Harrison of Richland township.

Head Stopped Up? Can't Breathe?  
Try the Vick Vap-O-Rub Treatment

Applied in Salve Form Over Throat and Chest Relieves by Inhalation and Absorption.

Vapor treatments are best for inflammations of the air passages. The vapors carry the medication direct to the inflamed surfaces without disturbing the stomach, as internal medicines will do. A very convenient vapor treatment is a good application of Vick's "Vap-O-Rub" Salve over the throat and chest, covered with a warm

flannel cloth. The body heat releases vapors that are inhaled with every breath, opening the air passages, loosening the phlegm, and healing the raw surfaces. For deep chest colds, first apply hot wet towels to open the pores. Vick's is then absorbed through the skin, taking out that tightness and soreness. 25c, 50c, or \$1.00.

### Is Peace so Far Away?

And peace may not be so far off. It is asserted with great confidence that terms have been formulated and will be communicated to President Wilson and to King Alfonso—terms on which Germany would be willing to open negotiations. It used to be the defeated nation that sued for peace, while the victors proudly bore on, feigning to be unwilling to stop

Harrison Levi, 931 North Sexton street, Rushville, says: "I used to have to get up six or seven times, each night on account of the too frequent passages of the kidney secretions. Often they were scanty and accompanied by pain. I also had severe backaches. Nothing ever did me any good until I began taking Doan's Kidney Pills, procured from Johnson's Drug Store. It didn't take them long to fix me up. The pain left and my kidneys became regular in action." (Statement given July 27, 1912.)

the murderous business of fighting.

But why indeed, should not the victors be big enough to make the first offer of terms? Why should not Germany, proved valiant at arms, be brave enough to risk the jeers of her foes and to propose peace?

However such a proposition may be misinterpreted, however, Great Britain may feign that it is her dearest wish to fight on and on, there is no doubt that her sanest leaders have their ears to the ground listening eagerly for this rumored proposition from Berlin. This is realized in financial circles, where the real extent of the failure of the Anglo-French loan is well known. The outward and visible sign of this failure is the fact that sterling exchange is lower than it has been for over a month.

It is curious, by the way, how the phrases run in the reports of the stock exchange. "In view of better strategic conditions" the market is up. "Conditions being less favorable" quotations are down. It does not seem to occur to the writers to designate for which of the belligerents conditions are better or less favorable. The fact is that Wall Street looks on European conditions only as affecting their debtors and its spirits and bids go up or down according to the fortunes of the Allies—one of the long-predicted consequences of the loan.

#### Moving The Cotton Crop

Next to be a "deserving Democrat" the best-paying proposition down South is lending money. Interest charges in Dixie net the banks all the way up to 120 per cent. W. P. G. Harding, one of the Southern and Democratic members of the Federal Reserve Board, is authority for this statement—he having told the Raleigh Chamber of Commerce that there are five national banks in Alabama (Mr. Harding's own state) whose maximum rates of interest average 26 per cent. The average rate of interest which one of these banks was charging on all of its loans amounted to 12 per cent and another 10 per cent. In Arkansas one national bank admitted making a loan at a rate as high as 120 per cent, another one at 50 per cent, another at 60 per cent and another at 25 per cent. In Georgia there were eleven banks where the average maximum rate of interest was about 30 per cent. The maximum rate charged by one of these banks was 40 per cent, and the average on all loans was 15 per cent. No bank in South Carolina admitted charging more than 15 per cent. In Texas a number of banks reported rates in excess of 100 per cent. And yet the South pays less, far less, income tax than any other portion of the country; and whenever the cotton crop is to be moved the South lets out a loud roar demanding Federal help

### FINDS RELIEF AFTER SEARCH LASTING YEARS

Newport, Ky., Man Finds Tanlac to be Fine Medicine.

Cincinnati, O., Nov. 11.—O. T. Locke, a furniture repairer who lives at 614 York street, Newport, Ky., is one of the hundreds of men and women who have been relieved of severe cases of catarrh of the stomach and head by the use of Tanlac the "Master Medicine." Mr. Locke said yesterday:

"After suffering several years with catarrh of the stomach and head, I have at last found relief. I was sick a long time and tried many medicines in a vain endeavor to benefit my condition. I was annoyed almost constantly by mucus dripping into my throat, a buzzing in my ears and fullness in the head.

"My head ached almost constantly, my limbs were tired and benumbed, and I had little energy or ambition. I also had pains in the pit of my stomach.

"Tanlac has helped me as no other medicine ever did. After taking the medicine a short time, I can conscientiously say that my condition is greatly improved. I am glad to recommend it to any and all suffering as I did."

Tanlac is not only beneficial in cases of catarrh like Mr. Locke suffered with, but is equally efficacious for stomach, liver and kidney trouble, rheumatism, nervous debility, loss of appetite, insomnia and the like.

Tanlac the Master Medicine, is sold in Rushville at F. E. Wolcott's Drug Store.

Edwin M. Lee Writes Huntington Man, Former Progressive, he Will Stand the Car Fare.

### TO A DISTRICT CONVENTION

Indicates That Former State Chairman is Real Power Behind the Throne in Indiana.

Huntington, Ind., Nov. 12.—That E. M. Lee is the real power behind the throne in the tottering Progressive state organization is borne out by a letter received a few days since by a Huntington man. The man is now a member of the Republican party, but was at one time connected with the Progressive party.

At a meeting some time ago the Progressive state committee ticket put a Democrat who professed to have been converted to the Progressive faith and elected him chairman. Since that time rumors have it that Boyd was not the real chairman, and it was intimated that he was a tool of the Democrats to keep the Progressive organization alive.

The letter calls the former Progressive to a meeting at the Hotel Barrett in Logansport at 1 o'clock the afternoon of Saturday, November 13. And further it offers to pay the expenses of the recipient of the letter—"if necessary."

The offer to pay the expenses to attend this meeting has caused some little speculation. Some say it means that the cause is so hopeless that individuals are no longer willing to spend their money in it, and others say that it indicates a "pork" barrel of some kind has been left to the state organization.

The meeting purports to be held to "confer together as to the present and future" and "for the purpose of getting a definite idea as to the condition in your district."

The letter was written on the stationery of the Indiana Progressive state committee, and signed just plain "E. M. Lee."

The man receiving the letter replied that he had not been a Bull Moose since 1912, and that he could not give Mr. Lee the names of ten Bull Moose in Huntington county.

Dr. A. F. Nelson, state veterinarian, has issued a bulletin, warning Indiana cattle buyers that the prevalence of hemorrhagic septicemia among cattle is very great in states in several parts of the country. Unless all public stockyards in other states are closed, which would shut off all Indiana "feeders," there is a possibility that the disease will be brought into this state from other states the official said.

#### Effects of Morton's War Speech

"It was the speech demanded by the emergency. Its effect was incalculable, not only in the state, but over the entire country. The sentiments which it declared were the principals which afterwards guided the conduct of the administration and the policy of the Republican party. It is related of Lincoln when he read it he said 'It covers the whole ground, and declares the necessary policy of the government.' The British minister at Washington sent a copy to the English foreign office as an indication likely to be pursued by the new administration. The pitiless alternatives of coercion or national ruin were never held up to view more clearly than in the severe and simple diction of these sentences."—FOULKE.

By GEORGE HOLMES (U. P. Staff Correspondent)

New York, Nov. 11.—Tomorrow's football calendar is about as attractive as has been offered this season, headed by the Yale-Princeton, Pennsylvania-Michigan and Syracuse-Colgate games in the East, and the Minnesota-Chicago and Illinois-Wisconsin games in the West, on which depend the 1915 championship of the Big Nine.

The Yale-Princeton game undoubtedly will attract a mammoth crowd. The supporters of the Blue will wander back to New Haven hoping against hope that Tom Shevlin has accomplished a miracle in the last two weeks and whipped a team in shape that will make a creditable showing against the Tigers. The Princeton partisans will drift back to cheer for what they believe is the best Tiger eleven that has emerged from Old Nassau in years.

Yale is hoping for a repetition of the 1910 feat. Yale faced Princeton in that year in much the same way—broken and shattered, with Tom Shevlin but two weeks at the helm, having been brought back by frantic calls for help. But the old Eli star upset the dogs by pushing his demoralized charges to a 5 to 3 victory over the Tigers and crowned the stunt a week later by playing Harvard to a scoreless tie when the

## LOCAL TEAM WILL PLAY MARION CLUB

Brownsburg Gets Cold Feet and as Result Rushville Team Will Play in Indianapolis.

### CONTEST AT FEDERAL PARK

The Rushville football team will play the Marion club team Sunday at Federal league park, Indianapolis. The game was arranged by Manager Stonecipher after the Brownsburg team got cold feet or something worse, as they gave no reason for calling the game off.

A number of fans will accompany the team to Indianapolis for the game Sunday. The team has confidence that it can beat the Marion club aggregation, although the game is expected to be hardest of the season. The squad of sixteen men will make the trip. The local team has only been defeated once this year and expects to make a good showing against the heavy Marion club aggregation.

# WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. RESCH, 1900 West Broadway, Louisville, Ky. 1

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Write to Lydia E. Pinkham Medicine Co., (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# INSPECTION OF MEAT INCREASED

More Than 58,000,000 Animals Slaughtered in Establishments Under Federal Supervision

100,000,000 KILLED EACH YEAR

Tuberculosis is Chief Cause of Condemnations And Hog Cholera Runs Close Second

Washington, Nov. 11.—More than 58,000,000 meat animals were slaughtered in establishments, under Federal inspection during the fiscal year ending June 30, 1915. Since approximately from 58 to 60 per cent of the animals killed in the country are slaughtered in establishments where Federal inspection is maintained, it appears that about 100,000,000 meat animals are now being killed each year in the United States.

Of the animals subjected to Federal inspection 299,958 were condemned as unfit for human use, and 644,688 were condemned in part. Thus a little more than 1 1/2 per cent of all the animals inspected were condemned either in whole or in part. These figures include only cattle, calves, sheep, goats and swine.

Tuberculosis was the chief cause of the condemnations. More than 32,644 carcasses of cattle and 66,000 carcasses of swine were entirely rejected on account of this disease, and in addition parts of 48,000 cattle and 440,000 swine. Hog cholera was responsible for the next largest loss, nearly 102,000 swine being condemned entirely on this account.

The annual appropriation for the Federal Meat Inspection Service is now about \$3,375,000, so that the cost to the people would be between 5 and 6 cents per animal if the service was confined entirely to the inspection of the animals and carcasses. In addition, however, great quantities of the meat and products are reinspected. In this item there was a very considerable increase during the last fiscal year, the reinspection resulting in the condemnation of a total of nearly 19,000,000 pounds of products of one kind or another. Furthermore, 245,000,000 pounds of imported meat or meat products were inspected and more than 2,000,000 pounds condemned or refused entry.

In the course of its work, the Bureau of Animal Industry, which is in charge of the meat inspection service, has discovered a new method of destroying trichinae in pork, which is an additional safeguard to human health. Refrigeration at a temperature of 5 degrees, F., or lower, for a period of 20 days will destroy these parasites which occasionally give rise in human beings to the serious disease known as trichinosis. Hitherto the only known safeguard against this disease has been thorough cooking of all pork and pork products, and those persons who neglect this precaution have always been more or less exposed to the danger. Unless pork is known to have been subjected to refrigeration as above indicated it should be thoroughly cooked. The microscopic examination of pork for the detection of trichinae has been abandoned as the usual methods have proved inefficient.

In this connection it is interesting to note that more swine were slaughtered in the past year in establishments under Federal inspection than ever before. A total of 36,247,958 were inspected at the time of slaughter and approximately 35,900,000 passed for food.

# AWAIT ACTION OF HIGH COURT

Muncie Reformers Say Future Depends on Decision Regarding Special Prosecutors.

TWO APPOINTED BY COURT

If Judge Ellis is Upheld Prosecution of Officials Will be Pushed Vigorously

(By United Press.) Muncie, Ind., Nov. 12.—Upon the decision of the Indiana Supreme court on the question whether Judge Frank Ellis of the Delaware circuit court acted within his rights in appointing special prosecutors rests the future of the sensational charges of graft and civic corruption against Muncie city officials and others. Officials charged in grand jury indictments last February with accepting bribes, malfeasance in office, operation of blind tigers and houses of ill-fame await with more anxiety than surface indications show, the decision of the supreme court. The future of the attacks hinges on these alternatives:—

If the supreme court upholds Judge Ellis the prosecution will be pushed vigorously with Special Prosecutors Thompson and Ryan directing the attacks upon the officials.

If the state tribunal holds that Judge Ellis acted outside his powers in the appointment of these attorneys, the prosecution probably will fall with a crash.

"Dry" leaders assert that if the court reverses Ellis they cannot expect prosecution from J. Frank Mann the prosecutor, who has at various times let it, so it is said, be known that he opposes the prosecution. The point regarding the special prosecutors was raised by the defense and has been pending several months. Each side expects a favorable decision.

While the legal point is grinding through the high court the officials are contenting themselves with filing sensational pleas and answers to the charges lodged against them. The burden of this is that the Civic League—which is backing the prosecution—used undue influence and large sums of money in causing witnesses to testify falsely before the grand jury which returned the indictments. The attack is being directed at members of the jury, at the special prosecutors and Judge Ellis.

Ryann is charged in the defendants plea in abatement with bribery and allied crimes. He has filed a \$5,000 suit for libel against Gene Williams, deputy prosecuting attorney, who was author of the plea. An Indiana newspaper league of morning papers is named as co-defendant.

State wide attention was attracted to Muncie last February when the grand jury returned indictments against Mayor Bunch, Deputy Prosecuting attorney Williams, Chief of Police McIlvaine and members of the Board of Police Commissioners, alleging gross civic irregularities.

# THE MOST DISTRESSING SIGHT IN THE WORLD

during the summer is a fat man wearing a sport shirt and the most distressing sight in the winter is to see someone trying to get along without A GOOD STORM BUGGY. If you knew how warm one of my storm buggies would keep you, how well they are made, now nice they look, and what a general comfort they would be to the whole family, you certainly would own one before the end of the week. I have used special pains to obtain a line of storm buggies that have all the little things that make them desirable, quality and style together with a comfortably designed cushion and back, easy riding springs, fine finish and the best of material throughout, are some of the essential things found on them and you are welcome at all times to call and see for yourself and I assure you it will be a pleasure to show you the detail construction of these buggies at any time. The construction of a STORM BUGGY makes lots of difference in the draft and I will explain to you why these buggies are lighter draft than others. It only takes a few minutes of your time to look at our stock and it will mean years of regret if you don't. Now is the time to get ready for winter, SO DO IT NOW.

# ASKS BUSINESS BE SUSPENDED

Governor Ralston Issues Thanksgiving Day Proclamation, Urging Generous Observance.

BLESSED WITH THE HARVEST

Indianapolis, Ind., Nov. 12.—Governor Ralston has proclaimed Thursday, Nov. 25, as Thanksgiving day and asked "that all business be suspended and that the day be set apart for worship and sincere gratitude to the Creator for his continued mercy and His loving kindness."

His proclamation follows: There has perhaps never been a time when the people of our state and country had more or greater causes for thanksgiving than now.

We have been blessed with plentiful harvest and the fruitage of orchard and vine has been abundant. Commerce and industry have prospered increasingly, and the manifold blessings of peace have been vouchsafed to our people.

Now, therefore, I, Samuel M. Ralston, Governor of the state of Indiana, do hereby designate and proclaim Thursday, November 25th, 1915, as Thanksgiving day, the same being a holiday by law; and I earnestly recommend that all business be suspended; and that the day be set apart for worship and sincere gratitude to the Creator for His continued mercy and His loving kindness.

# OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

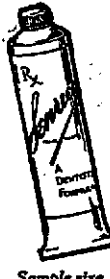

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.

# The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

# MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back Hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

The exercises will be incident to the unveiling of the bronze memorial to Lincoln bearing the text of the Gettysburg address in the new high school building.

Mr. Weik, it is announced, will speak on "Lincoln's Life in Indiana." Mr. Watson's topic will be: "The Life and Services of Abraham Lincoln." The meeting will be held in the afternoon and will be open to the general public, to the capacity of the auditorium.

# Has Faith in Quick Remedy for Catarrh

Johnson's Drug Store Guarantees That Hyomei Will Relieve The Worst Cases of Catarrh in Rushville.

When one of the most reputable concerns in Rushville guarantees that a medicine will produce benefit or they will refund the money, it speaks volumes for the merits of that remedy. It is in this way that Johnson's Drug Store is selling Hyomei, the treatment that has helped so many cases of both acute and chronic catarrh in Rushville and vicinity.

Hyomei is not a pill nor is it a spray or a lotion that must be rubbed in. It is an oil, the air of which you just breathe in your nose, throat and lungs by the aid of an inhaler that comes with every outfit. Benefit will usually be seen from the very first treatment.

This air destroys all germ life in the air passages and lungs and enriches and purifies the blood with the additional ozone supplies. It banishes catarrh of the head and throat and respiratory organs. Wherever these mucous membranes contain catarrhal germs, there Hyomei will do its work of healing.

The complete Hyomei outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Remember that if Hyomei does not relieve you Johnson's Drug Store will refund your money.

# VALUE OF GRADED LESSON IS SHOWN

Continued from Page 1.

that the committee prepare a series of graded lessons for elementary use. At the international convention in 1911, he said, a graded series for the ten age was recommended and he said he expected that at the 1914 convention there would be recommendation for a graded lesson for that adult age, but it was not forthcoming. Mr. Burnie said he felt certain that at the 1917 convention in New York the suggestion would be made and adopted.

Mr. Burnie pointed to the limitations of the uniform lesson. He said, for instance, the story of David and Goliath was a good one for the junior boy because it appealed to his imagination, but that it was not good for "the heart soil of the little child." Nor would it be good for the person of rich experience in the Christian life, he declared. Mr. Burnie spoke of the limitations of the uniform lessons.

"So much of the scriptures were unexplored in them," he continued. "The too advanced studies could not be reached because they were too deep for the child minds. Graded lessons offer the opportunity to select seed suited to the soil. The graded lessons are sufficiently tested out so that they need no longer to be referred to as theory. The schools which have used the graded lessons are the ones which have made the marked advancement. Any Sunday school which adopts the graded lesson is placing itself on a higher level of religious education and a higher level of efficiency may be reached.

"The graded lessons do not mean chaos, because the juniors of Rushville study just the same lesson as do the juniors on the Pacific coast. The history of the graded lessons is the devotion of seventy-five consecrated minds. They are not an overnight thought or the product of one mind."

Former Glenwood Physician's Automobile Strikes Marion Resident.

Mrs. William Sloderback, age fifty-eight years, of Marion, died at the Grant county hospital Thursday night of injuries sustained earlier in the evening when she was run down by an automobile driven by Dr. Albert T. Davis of Marion, formerly a resident of Glenwood. He will be remembered by residents of Glenwood and of the eastern part of the county. A Marion dispatch says Mrs. Sloderback apparently was blinded by the lights of an approaching street car and did not see the automobile, which was moving slowly. She suffered internal injuries and three ribs were broken.

# SOME SUGGESTIONS FOR YOUR WINTER READING.

A statement issued at the library today says:

The time has come for preparations for winter, the winter coal must be put in; the winter clothes purchased, etc. What plans are you making for the long winter evenings? Can you think of anything more attractive than a good book under the evening lamp after a busy day? Of course we read largely for recreation but why not plan a little reading which will give us the feeling of having accomplished something when the June days come again.

The Librarian will gladly offer suggestions, or work out a reading list, long or short, on a subject. At least try one of the groups below, three or four worth while books in one winter are not much. We would feel it a privilege to suggest a reading list, making it bright, popular, reading or down-right study, as you may prefer.

### WITHOUT LINES IN THE LENS

It used to be true that bifocal glasses were troublesome, and "old" looking, and trying to the eyes. It is NOT true of KRYPTOKS—the new bifocals that look and wear like plain glasses, but give perfect near-and-far vision.

## TRUEST HEROES ARE NOT KNOWN

Continued from Page 1.

a history of the people is the moral and spiritual struggle. We are always anxious to know the outcome of the battle in the individual, in society, the nation or the world. Will the forces of righteousness or agencies of evil triumph in this fair city of Rushville? Are our young men to be won for Christ or is the battle to be lost? America is rich and prosperous, but she may go the way of Rome and the Empires of the past if Christianity does save her. Every good citizen must be interested in the silent battle that is being fought out on American soil. Visit the graveyards of nations and there learn the story of peoples who have slighted the teachings of God.

"God is laid help upon One who is mighty and able to save to the uttermost. The proudest and most prominent man in the community needs reinforcement which God alone can give or the conflict will go against him. The efforts that are being made in the various churches of the city at this time are intended to bring God into our long life and to help men and women in the spiritual struggle to win the victory for God and the souls of men."

## TO MAKE COMPANIES PAY IT

Kern Proposes Bill to Take "War" Tax Off People.

Washington dispatches say that Senator John W. Kern of this state will introduce a bill in the next congress making it unlawful for telephone or telegraph companies to shift "war tax" to their patrons. He takes the view that congress never intended this tax should be unloaded by the companies on the people. The companies now make an extra charge to cover the tax. Patrons of the local telephone company have been paying the additional tax since the "war" revenue measure became effective.

## CHIROPRACTOR ASKS NEW TRIAL

William Monks, Recently Fined \$25 by Jury, Says Verdict Was Contrary to the Law.

### DECLARES THE COURT ERRED

Famous "Tree Doctors" Case Against the City Goes to the State Supreme Court.

The first action in the state case against William Monks, local chiropractor, since the jury returned a verdict of guilty to the charge of practicing medicine without a license and assessed his fine at \$25, was taken this morning, when Monks filed a motion for a new trial.

In the motion for a new trial it is alleged that the verdict was contrary to the law. For the most part the motion for a new trial attacks the court's instructions to the jury setting up that the court erred in giving certain instructions asked by state and also in not giving some instruction asked by the defendant.

Judge Sparks heard the case of the Greenfield Building and Loan Association against Jerry Lynam, Margaret A. Lynam and Emma A. Barrett, on a note and to foreclose a mortgage this morning and took the case under advisement. The case was sent to this county, on a change of venue from Hancock county and there was little interest in the suit here.

A petition for an additional assessment in the Maurice W. Manche drain was heard by Judge Sparks and an additional assessment of six per cent was ordered. The original case was heard several years ago and the assessments as fixed at that time were not sufficient to construct the drain, requiring the additional assessment of six per cent.

The famous "tree doctors" suit against the City of Rushville has been taken to the supreme court, according to a notice filed with the clerk of court. The official title of the suit is Alambert W. Brayton, Jr., doing business under the firm name of the State Forestry Company vs. The City of Rushville, and is based on an account in which \$493.55 was demanded. When the case was heard Judge Sparks found for the City of Rushville, with the costs against the plaintiff.

In the case of the Board of Commissioners of Franklin county against James Lanigan and the Illinois Surety company, on a bond, demanding \$2,454.10, Judge Sparks found for the defendants. A demurrer to the complaint led by the Surety company was sustained some time ago by the court, and the plaintiff refused to plead further.

### TREAT FOR BIBLE STUDENTS.

The Rev. L. E. Brown of Connersville will deliver an illustrated lecture on "The Holy Land" as it is today at Center Christian church Thursday evening, Nov. 18.

Rev. Brown is an interesting speaker, and many of the pictures he will reproduce were taken by his own camera in his travels through this sacred land. Good music is promised. No admission will be charged but an offering will be taken to defray expenses of the trip. It will be given under the auspices of Young Men's Bible Class.

## GAUNTLET DOWN TO WAR PARTY

Greek King Dissolves Parliament and Sets Election For December 19, Dispatches Say.

### IS RIPE FOR REVOLUTION

Diplomats Say Such May be Expected if War Leader Tries to Rouse Country.

(By United Press.)

London, Nov. 12.—King Constantine finally has thrown down the gauntlet to the Greek war party. Athens dispatches today announced the dissolution of parliament. No details were given further than that an election had been set for December 19 but what led up to his majesty's action was apparent.

When M. Skouloudis, the king's latest choice for a neutral premier, took office he began negotiations with Ex-Premier Venizelos, majority leader and war leader in parliament, trying to induce the pro-war group at least to tolerate his ministry. Venizelos evidently refused.

In dissolving parliament for fresh referendum of the peace of war question, Constantine deliberately did what Venizelos declared he has no right to do, the question being settled in Venizelos' opinion, in favor of war by an election six months ago.

Constantine named an election date much earlier than expected. He chose a time when a genuine ballot is impossible since all the trained men of military age are with the colors and can not vote.

Constantine apparently is convinced that he will get a mandate satisfactory to himself from the handful of electors who will be able to cast their ballots, with the army completely mobilized.

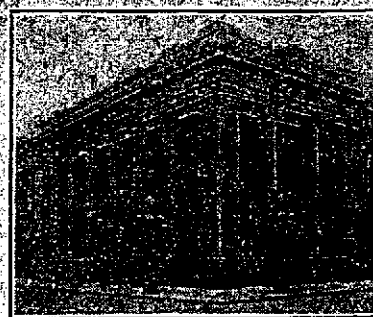

Venizelos' course is watched here with much anxiety. If he undertakes to rouse the country against the king, diplomats say they think the prospects excellent for a revolution.

### SOFT FOR GEORGE

(By United Press.)

Newcastle, Ind., Nov. 12.—George A. Elliott, editor of the Courier here, was carried back to the olden days when subscriptions were paid by sides of bacon and other delicacies when he received a pint of excellent strawberries grown in Henry county in November. The berries graced a shortcake and gave the editor a happy outlook on life, they say.

Eugene Moorman, son of Mr. and Mrs. Bert Moorman, is ill at his home in west Second street, with scarlet fever.
